## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1, 2, 4-11, and 37 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1, the limitation “said sample” lines 7 in pages 2 should be changed to “a sample”, the limitation “for storage of said sample” lines 9 should be changed to “for said storage of said sample”, and the limitation “of said stored electronic work” lines 13 should be changed to “of stored electronic work”. There is insufficient antecedent basis for this limitation in the claim.

Regarding claim 37, the limitation “said sample” lines 5 in pages 5 should be changed to “a sample”, the limitation “storing a sample” lines 11 should be changed to “storing said sample”, the limitation “with digital rights rules” lines 11 should be changed to “with said digital rights rules”, and the limitation “of said stored electronic work” lines 14, pages 5 should be changed to “of stored electronic work”. There is insufficient antecedent basis for this limitation in the claim.
